NEWSLETTER – August 2020

Call for Funding Applications for 2021. Deadline September 23, 2020

ICLAS funds programs and activities to support development of laboratory animal science. Typically, up to €2000 is awarded for initiatives with local impact, though larger amounts are considered for initiatives with regional or global impact. Each ICLAS Regional Committee will review applications submitted by members in its region. The committees then refer the most compelling of these requests to the Governing Board for funding decisions. The **ICLAS Governing Board will hold a virtual meeting October 22 and 23, 2020** at which time funding decisions will be made.

Governing Board funding decisions are ratified by the **ICLAS General Assembly to be held October 24, 2020**. Contacts for Regional Committees may be requested at info@iclas.org

The funding application form may be found [here](#):

The **ICLAS General Assembly** will be held as a virtual meeting at **10:00 a.m. Universal Coordinated Time, on Saturday, October 24, 2020**. Instructions for access to the meeting will be sent to members closer to the meeting date.

The **International Science Council (ISC)** is requesting input from ICLAS on behalf of our members, on a recommendation for the future of scientific publishing. You may access the proposal [here](#).

ICLAS members may respond to info@iclas.org with input no later than August 30, to have their opinions incorporated into our response to the ISC.

The **Canadian Association for Laboratory Animal Science (CALAS/ACSAL)** has selected the places and dates for their annual symposia. More information is available [here](#).

YEAR OF SYMPOSIUM	LOCATION	DATES
2021	MONTREAL (Bonaventure)	April 28 – May 5
2022	TORONTO (Delta)	June 9 to 15
2023	SASKATOON (TCU Place)	June 8 - 13
2024	RICHMOND, BC (Sheraton)	May 1 - 7
2025	MONTREAL (Bonaventure)	April 30 – May 7
2026	TORONTO (Delta)	June 3 - 10
