

FELASA: NHP-specific Laboratory Animal Science Course May 2022

Dear Madam/Sir,

Please find attached the announcement of and registration form for the **upcoming FELASA accredited „Laboratory Animal Science Course on Primates“**.

The course was developed by the European Primate Network (EUPRIM-Net) and is organised by the German Primate Center (DPZ) in Göttingen, Germany.

It includes a four week e-learning period from 30th March – 27th April 2022 and a two week course at the DPZ from 2nd-13th May 2022. Due to Covid-19 pandemic we will unfortunately still not be able to offer the course on site, but will switch to an online platform for that part of the course.

Course contents are designed for personnel conducting and designing experiments (EU Directive functions A+B). The course language will be **English**.

The deadline for registration will be 27th March 2022! For more information and registration see attached document.

If you are unable to attend this course due to time constraints please be aware that the course will be held again in autumn 2022.

Feel free to contact me in case you do have any question regarding this course.

Best regards,
Björg Pauling
